

# 6<sup>th</sup> International Conference of Iraqi Society of Obstetrics & Gynaecology

26<sup>th</sup> – 28<sup>th</sup> of May 2022, Babylon Rotana Hotel - Baghdad, Iraq

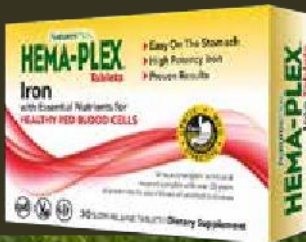

Healthy Mother Means Healthy Generation

# مكتب سنديان العلمي

## Sindyán Scientific Bureau

On behalf of the organizing committee of the Iraqi Society of Obstetrics and Gynaecology I am pleased to announce the 6th International Conference of the society, which will be held from the 26th – 28th of May, 2022 in Babylon Rotana Hotel - Baghdad, Iraq. Our conference program includes recent developments and updates in the field of obstetrics & Gynaecology. We have invited several eminent international Speakers each in his specialty to our conference. There is also a vast number of Iraqi specialists who will present their own recent research and experience in this field.

There are some workshops organized by eminent specialists who will display the experience of their practice to the trainees.

We will be grateful for your active participation and involvement in the scientific and social events of this gathering, assuring you that every effort will be made to make your stay amongst us in Baghdad both fruitful and enjoyable.

Dr. Sarmad Khunda, M.B ChB FRCS Ed FRCOG  
President of the Iraqi Society of Obstetrics & Gynecology

President of the Conference:

Sarmad Khunda

General Secretary:

Taghreed Alhaidari

Scientific Committee:

Fadia Alizzi (Chairman)

Lamees Adnan (Co - Chairman)

Abdul Razaq Al Nakash

Azhar Al Turaihi

Afraa Mahjoob

#### Abdallah Adra - Lebanon

Dr. Abdallah Adra is currently a Clinical Associate Faculty at the division of Maternal Fetal Medicine and Prenatal Diagnosis Unit at the American University of Beirut.

He also serves as Chairperson of the department of Obstetrics & Gynecology at Nini Hospital in Tripoli, Lebanon.

Dr Adra was the past president of Federation Arab Gynecology & Obstetrics Societies (FAGOS) & the Lebanese Society of Obstetrics and Gynecology (LSOG) & has served on the Executive Board of several professional societies, including World Association of Perinatal Medicine (WAPM) & Federation Internationale of Gynecology & Obstetrics (FIGO). He was elected Regional Director of the Ian Donald Inter-University School of Medical Ultrasound (IDS) for Arab countries.

He is member of the Board of the International Society of the "Fetus as a Patient", and an associate member of the prestigious International Academy of Perinatal Medicine (IAPM).

He has authored over sixty peer-reviewed articles & abstracts and written multiple book chapters. He serves as a reviewer for many international OB-GYN journals. He has given more than 200 presentations at both national, regional & international meetings, in the field of high-risk obstetrics, fetal medicine and prenatal diagnosis.

#### Abdel Latif Abu Khadra, Jordan

Senior Consultant Urologist / Andrologist

Head of the Andrology Department at Farah hospital

Founding Member of the Jordanian Society for Fertility and Genetics (1997)

President of the Jordanian Society for Fertility and Genetics (2010-2013)

Published numerous articles in peer reviewed international Journals in the field of male infertility and andrology

Main areas of scientific interest are stem cell research and Advanced microsurgical procedures in Andrology

Prof. Aleksander Popov – Russia

Dr. Med. Prof. Aleksander Popov is the head of Gynecology and Oncology Surgery Department in the Moscow Regional Scientific Research Institute of Obstetrics and Gynecology.

The main directions of professional activity:

- surgical treatment of benign and borderline tumors of the uterus and adnexae
- reproductive surgery
- surgical and conservative treatment of endometriosis
- surgical treatment of genital prolapse and urinary incontinence
- robot-assisted surgery in gynecology
- surgical treatment of cancer in gynecology

For more than 30 years of practice he has published about 360 scientific works, 4 monographs. In the cooperation with other colleagues, he is the author of 8 invention patents registered in Russia.

He is one of the authors and leading experts for Federal Endometriosis and Myomas Guidelines.

More than 35 Ph.D. there were defended in his department by the students under his supervision.

He is among the editors of several medical journals published in Russia.

Dr. Popov was trained in leading clinics such as: Clinic Mayo - prof. S. Podrats, Clinic NY University - prof. H. Reich, Germany Clinic of the University of Kiel - prof. K. Semm, France University Clinic Clermont- Ferrand - prof. M. Bruihat

Several times a year Dr. Popov holds certificated training seminar. He widely introduces new techniques, distant and TV medicine training. He teaches in University Clinic Clermont - Ferrand from 2017

He is the member of professional associations: the Russian Association of Human Reproduction (RAHR), Russian Association of Endoscopic Gynecologists (RAEG), Russian Association of endometriosis (RAE), the American Association of Gynaecologists laparoscopy (AAGL), the European Association of Endoscopic Gynecology (ESGE), the European Association of endometriosis (EEL), the World Association of endometriosis (WES), Society of European Robotic Gynecological Surgery (SERGS), Society of Endometriosis and uterine Disorders (SEUD), American Association Gynecologic Laparoscopists (AAGL)

Ahmad Sayasneh, UK.

Mr Ahmad Sayasneh is an Assistant Professor (Reader) in Women's Health at King's College London. He is a Senior Clinical Lecturer in Gynaecological Oncology at Imperial College London. He is a Consultant Gynaecologist and Gynaecological Oncology Surgeon at Guy's and St Thomas' NHS Foundation Trust in central London, UK. He has a long track of publications in the field and he is an international expert in ultrasound diagnostics and surgery in Gynaecological Oncology.

Aethele Khunda, UK.

- Consultant Gynaecologist & Urogynaecologist
- James Cook University Hospital, UK. Fellow of the Royal College of Obstetricians & Gynaecologists, UK. Chair of Reproductive Health research at the NENC Comprehensive Research Network, UK. Past Chair of the Iraqi Liaison Group of the RCOG. Published & presented extensively in peer reviewed journals and international conferences. Member of the British Society of Uro-gynaecology. <https://www.researchgate.net/profile/Aethele-Khunda>

Emeritus Nazar Amso, UK

MB ChB (Baghdad), FRCOG (London),

PhD (London University), and

Fellow of the Higher Education Academy (UK)

Professor Emeritus and Head of the Academic Department of Obstetrics and Gynaecology, School of Medicine, Cardiff University (2010-2016) and Senior Consultant in Gynaecology and Reproductive Medicine (1998 - ). Qualified from the University of Baghdad in 1974, obtained his MRCOG in 1985, PhD

in reproductive endocrinology from London University in 1996 and FRCOG in 1999. Nazar's clinical interests are reproductive surgery, gynaecological ultrasound and minimally invasive techniques. He was the Director of Cardiff University Ultrasound Masters programme 2004-2016 (O&G and medical ultrasound) and has continued with these educational activities through his Medical and Educational Academy in Cardiff. His research included reproductive medicine, minimally invasive treatments, gynaecological ultrasound and more recently the role of simulation in ultrasound education. He has co-authored two books related to his field of expertise. He was the founding President of the British Society for Gynaecological Imaging (2007-2016).

Khaldoun Khamaiseh, Jordan

MBBS ST Marys 1992, MRCOG 1992

Consultant in obstetrics & gynecology & reproductive endocrinology

President of the Jordanian society of fertility & genetic

**Marwan Halabi, Syria**

Professor of reproductive medicine and infertility, Vice Dean for scientific affairs and head of department of reproductive medicine, genetics and embryology at faculty of medicine of Damascus University.

Head of assisted reproduction unit and consultant medical director of Orient Hospital, Damascus, Syria.

Marwan Alhalabi is the President Elect of Federation of Arab societies of OBGYN, President of Syrian Society of OBGYN and Immediate Past

President of the Middle East Fertility Society,

He is professor of reproductive medicine, Genetics and embryology, Vice Dean for scientific affairs, head of department of reproductive medicine, genetics, and embryology at faculty of medicine of Damascus University. He is also head of assisted reproduction unit and consultant medical director of Orient Hospital.

Prof Alhalabi graduated from Damascus University, Syria in 1987. He completed residency training in Obstetrics and Gynecology and obtained master's degree and CES in 1991. He completed his research fellowship in Reproductive Endocrinology and Infertility and obtained PhD degree from University of Franche-Comte, France in 1998.

He has published more than 50 papers in reproductive medicine, edited five textbooks, supervised many masters and doctorates, held four honorary memberships, and granted many local, regional, and international awards.

**Maher Al - Sarraf, Jordan**

Consultant obstetrician and gynecologist.

The German board in Obstetrics and Gynecology.

Rotating Chairman of Al- Amal Hospital for gynecological surgeries and obstetrics.

Chairman of the board of BabyCord Middle East Stem Cell and Tissue Biobank.

Diploma holder in Ultrasonography and the Former General Director of Ian Donald Inter-University School of Ultrasound– Jordan center.

He contributed in many public researches and scientific studies in the medical field.

Nada Sabir, UK.

Consultant in high risk Obstetrics and Maternal medicine

Fellowship in Feto-Maternal Medicine Liverpool Women's Hospital/  
University of Liverpool 2009-2012.

Fellowship in Maternal Medicine Queen Alexandra Hospital/Portsmouth-  
Princess Anne Hospital/Southampton 20012-2014.

Several publications in the field.

Current roles: Lead of Obstetric Haematology. Chair of the regional serious  
incident reviews for Yorkshire and Humber.

Foundation Training Programme Director.

RCOG roles: Deputy Chair for ILG/RCOG. Faculty member of Basic Practical skills course, PROMPT  
and Train the Trainers courses.

Areas of interest: Bleeding disorders in pregnancy, Renal disease in pregnancy, perinatal morbidity  
and mortality and fatal growth restriction.

Nawar A. Latif, Pennsylvania

Surgical Director of the living donor uterus transplant program at the  
University of Pennsylvania

Assistant Professor of Gynecology Oncology at the Hospital of the University  
of Pennsylvania

American board of Obstetrics and Gynecology and Gynecology Oncology

Fellowship: University of Pennsylvania

Residency: Northwestern University

#### OSAMA SHARIF, UK.

Osama Naji is a Consultant Gynaecologist at Guy's and St Thomas' Hospital and the Lead for the Women's Rapid Diagnostics Unit at Guy's Cancer Centre. He works in a prestigious tertiary institution that is ranked first in the United Kingdom and 44th in the world.

He is specialising in the early detection of gynaecological pre-cancerous conditions using advanced outpatient facilities such as ultrasound, hysteroscopy, and colposcopy, with the goal of reducing the need for major surgery. He is an expert in using ultrasound-guided minimally invasive procedures to treat menopause, infertility, early pregnancy, and emergency gynaecological conditions.

#### Oudai Ali ,UK

I have been a consultant gynaecologist oncologist and lead colposcopist based in Cumbria, UK since 2014 and just recently I have moved to Surrey in London. I specialise in providing evidence based care in gynaecology, colposcopy and oncology adopting cutting edge innovations in minimal access surgery. I have completed certification in Obstetrics and gynaecology with training in colposcopy, oncology and advanced laparoscopy for endometriosis in 2012 in the Wessex deanery, UK. I have an excellent record in developing services in ambulatory gynaecology, enhanced recovery and achieving exceedingly high standards in minimal access surgery. I am putting these efforts through a PhD program I am doing through Newcastle University to produce excellent policy changing evidence and publications. I am also a royal college tutor and I am passionate about teaching, training and simulation. I have been facilitating, participating in advanced courses nationally and internationally. I visited international centres of excellence to connect and share skills and I strongly believe in the value of surgical audit and standardisation of techniques and appraising innovations. In my role as a lead colposcopist I trained many of the staff who successfully completed their British certification and contributed greatly to service development and audits. I am leading into the teaching and research on the Novel technique of Vnote and leading the enhanced recovery program in south London.

Salwan Al-Nasiry, UK.

Salwan Al-Nasiry graduated from Baghdad University in 1996 and finished his Obs&Gynae training and PhD in Belgium before doing subspecialty fellowships in Maternal Fetal Medicine in UK and Netherlands. Since 2011 he works as an academic professor at Maastricht University Medical Centre, where he runs clinics for recurrent pregnancy loss and high-risk pregnancy. He supervised >50 Bachelor and Master students and 7 PhD students, and has 46 Pubmed publications.

Sami Shower, UK

Appointments:

Future post: Subspecialist consultant in urogynaecology

South Tees NHS Foundation Trust,  
Marton Rd, Middlesbrough TS4 3BW

Post: Subspecialty trainee in Urogynaecology

Queen Elizabeth University Hospital  
1345 Govan Road, Glasgow G51 4TF

Duration: 5th of August, 2020 – ongoing (current)

Qualifications:

Masters in Clinical Research Sept, 2021

Newcastle University, Newcastle, U.K.

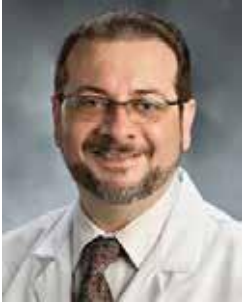

Member of the Royal College of Obstetricians and Gynaecologists (MRCOG) August, 2017  
London, UK

Bachelor of Medicine and Surgery (M.B.B.Ch.) Sep 2001- Jan 2008

Faculty of Medicine, Mansoura University, Egypt

Relevant publications:

Zaid Riyadh Al-Wahab, USA

Gynecologic Oncology and Robotic Surgery

American Board Certified Obstetrics and Gynecology

American Board Certified Gynecologic Oncology

Attending Physician (Consultant) Gynecologic Oncology and Robotic Surgery at Beaumont Health.

Associate Professor at Oakland University William Beaumont School of Medicine

## Online Speakers

Alberto Vaiarelli, Italy

Botros Rizk, USA

Fadi G. Mirza, Lebanon

Georges HADDAD, France

Jeanne Ann Conry, USA

Rubina Sohail, Pakistan

Sue Ward, UK

### Alberto Vaiarelli, Italy

Alberto Vaiarelli is a Medical Doctor, gynaecologist, specialist in Infertility and Reproductive Medicine at the GENERA Center for Reproductive Medicine of Valle Giulia Clinic in Rome (Italy).

#### EDUCATION AND TRAINING 2006

He graduated in Medicine and Surgery at the University of Messina (Italy) 2012

Specialized in Obstetrics and Gynaecology with expertise in infertility problems at the same University. During his training he completed a Clinical Observership at Yale University (USA) and was clinical fellow at CRG (Centrum voor Reproductieve Geneeskunde) of Universitair Ziekenhuis in Brussels (Belgium).

2016

He obtained a Ph.D. in Reproductive Endocrinology and was Postdoctor Fellow at the University of Messina (Italy).

2018

Moreover, he obtained a Master in Reproductive Medicine at the University of Urbino (Italy)

His scientific work primarily focuses on: management of poor ovarian responders, reproductive endocrinology, efficacy and efficiency of IVF treatment. Moreover, he has gained experience in egg donation programs in Spain.

#### SCIENTIFIC RESEARCH ACTIVITY

Dr Vaiarelli is reviewer of scientific journals, author and/or co-author of articles published on peer-reviewed journals, as well as abstracts presented at international meetings and book chapters. Finally, he has lectured at several scientific meetings in Italy and Europe.

### Botros Rizk, USA

Botros Rizk is Medical Director, Elite IVF in Houston and Odessa Texas and former Professor and Head of Reproductive Endocrinology and Infertility and Medical and Scientific Director of USA In vitro fertilization and assisted reproduction at the University of South Alabama for 25 years from 1993 to 2019. Dr Rizk currently leads Elite IVF, Houston, Texas a premier assisted reproductive technology center in Texas.

Dr. Rizk is the President of the Middle East fertility Society. He currently serves as distinguished Adjunct Professor of Obstetrics and Gynecology in Cairo University, Egypt and served as Distinguished adjunct Professor of Reproductive medicine at King Abdulaziz University, Jeddah, Kingdom of Saudi Arabia. Dr. Rizk is distinguished Adjunct Scientific Director of IVF Michigan Rochester Hills. Dr Rizk is the scientific and Lab Director of Odessa Fertility Lab and Columbus Center for Reproductive Endocrinology and Infertility.

Mentored by Nobel Laureate Professor Robert Edwards, recipient of the Nobel prize in Medicine for achieving the first successful In Vitro fertilization in the world, Dr.Rizk started his career in Reproductive Medicine in London and Cambridge in the era of the legends where most of the current scientific developments and medical protocols were invented. He joined the prestigious University of Cambridge for three years from 1990 to 1993 as Clinical Lecturer and Senior Registrar. Dr. Rizk is board certified by the American Board of Obstetrics and Gynecology and the Royal College of Physicians and Surgeons of Canada and the Royal College of Obstetricians and Gynaecologists in England, as well as, the American Board of Bioanalysts in Embryology and Andrology.

Dr. Rizk's clinical and research interests have focused on ovarian stimulation including the development of the long agonist protocol which became the standard for two decades of IVF. He is internationally considered a leading authority on ovarian hyperstimulation syndrome and made original contributions to the pathophysiology and prevention of the syndrome. Dr. Rizk authored a book solely dedicated to ovarian hyperstimulation syndrome that is considered the standard reference for OHSS. Dr. Rizk is an authority on endometriosis; its novel medical management and robotic surgery. Dr Rizk is the principal investigator for tens of clinical trials for the FDA over the last three decades.

Fadi G. Mirza, Lebanon

-Diplomat, American Board of Obstetrics and Gynecology Board-certified in Obstetrics and Gynecology

Board-certified in Maternal Fetal Medicine

-Associate Professor of Obstetrics and Gynecology Director, Obstetrics and Gynecology Residency Program

Director, Clinical Practice Improvement Program Chairperson, Credentialing and Privileging Committee Co-Chairperson, Patient Safety Council

American University of Beirut Medical Center

- Adjunct Associate Professor of Obstetrics and Gynaecology Columbia University College of Physicians and Surgeons New York, New York, USA

Georges HADDAD, France

studied medicine in Tours FRANCE from 1979.

He obtained in this same city his Ph D in 1990.

He was resident in Tours and Blois Hospitals in Obstetrics-Gynaecology and in genetics.

His main subject is Fetal medicine.

Actually practitioner in ultrasound unit of Fetal medicine in university hospital of Tours, since the beginnings, he is in charge of diagnosis ultrasound prenatal scan (expertise). He is responsible of genetic unit of Blois hospital.

Member of CFEF (French College of Fetal Echography) since 1995, he is the president since May 2016.

Member of the board of The Arab Maternal Fetal Medicine Expert Group since creation.

Vice President of MEDUOG (Mediterranean Ultrasound in obstetrics and Gynaecology).

Member of educational committee than Advisory Membership of ISUOG.

ISUOG Ambassador for North Africa (Francophone) since 2017

Participation in several papers especially in prenatal diagnosis. several lectures in international congresses, Responsible of Hands-on training in several ISUOG congresses

**JEANNE ANN CONRY, USA**

President of International Federation of Gynecology and Obstetrics  
Past President, The American College of Obstetricians and Gynecologists  
President, The Environmental Health Leadership Foundation  
Chair, US Women’s Preventive Services Initiative  
Vice Chair, PMNCH Provider Engagement in Countries Committee  
Serves on USA Health and Human Services Committee on Infant Mortality  
Board Member: The Forum Institute and the Heartland Health Research Alliance

Retired from Kaiser Permanente, Northern California

Recipient of Commendations: US House of Representatives, California Legislature, The Environmental Protection Agency

Medical Degree and Residency from University of California at Davis; PhD in Biology from the University of Colorado, Boulder

**Rubina Sohail, Pakistan**

MBBS, MCPS (OB/GYN), FCPS (OB/GYN), DCPS-HPE

Professor of Obstetrics and Gynaecology, Services Institute of Medical Sciences/Services Hospital Lahore,

I am Rubina Sohail from Pakistan born in 1961. My primary education started in Lahore and graduated in 1985 from Allam Iqbal Medical College, Lahore. Since 1985 I have been working in the field of Obstetrics and Gynaecology. I started work as a professor in 2009 at Post Graduate Medical College (PGMI).

I have experience of working with development partners, NGOs and government organisations for improvement of maternal and neonatal health (UNICEF, JHPIEGO, White Ribbon Alliance, population planning department, Green Star, PDSSP- Punjab Devolved Social Services Program, Rahnuma, MAP, PAPAC, LHW program, Punjab Aids Control Program and MNCH program).

Area of Interest: Maternal Mortality Reduction, Contraception, High Risk Pregnancy, Medical Education, Women Sexual and Reproductive Health.

Sue Ward, UK

Vice-President for Education at the RCOG

Susan has been a Consultant Obstetrician and Gynaecologist since 1998 in Mansfield near Nottingham; having spent three years on the Nottingham general surgery/urology rotation to obtain FRCS and then trained in obstetrics and gynaecology in most of the hospitals around the East Midlands.

Throughout her career, she has been heavily involved in medical education having been a College Tutor, Training Programme Director and Head of School in charge of O&G training for the East Midlands. As an Associate Dean she was responsible for setting up the Foundation Programme in the East Midlands and has been Director of Medical Education in her Trust. The RCOG trainees' committee awarded her the inaugural National Trainer of the Year Award in 2015 for her contribution to training.

She has worked for many years on the DRCOG and MRCOG examinations (both examining and question writing) chaired the SAQ Committee and was the Vice-Chair of the Examination and Assessment Committee between 2015 and 2019.

For five years she represented East Midlands Fellows on RCOG Council until being elected Vice-president for Education in 2019.

# Wallace® Intra-uterine Insemination Catheters

## For optimal control

Artificial Insemination Catheter  
for intra-uterine insemination AIC18 (18cm)

The Wallace IUI catheter is a premium quality device featuring a smooth tip and formable outer sheath for optimal control over placement within the uterus. The two-piece design replicates the Wallace Classic catheter, which is also suitable for training embryo transfer techniques.
