

COGI Amsterdam | November 24-26, 2022

THURSDAY, NOVEMBER 24

HALL A

SESSION 1

13:00-13:45	THE BEST OF RBMO 2021-2022	HALL A
Capsule	The three best papers published in RBMO in 2021 are presented in this session.	
Chairpersons	Bart Fauser, Netherlands Zion Ben Rafael, Israel	
13:00-13:05	Welcome Bart Fauser, Netherlands	
13:05-13:25	Effect of probiotics on the relative abundance of vaginal <i>Ureaplasma parvum</i> in women suffering from unexplained infertility Michael Schenk, Austria	
13:25-13:45	Do fertility tracking apps offer women useful information about their fertile window? Joyce Harper, UK	

SESSION 2

13:45-15:00	SCIENTIFIC MISCONDUCT, WHERE ARE WE TODAY	HALL A
Capsule	Whose job is it to identify fake publications?	
Chairpersons	Cornelis B. Lambalk, Netherlands	
13:45-14:00	Overall perspective Lex Bouter, Netherlands	
14:00-14:20	The publisher perspective Catriona Fennell, Netherlands	
14:20-14:40	The chief editor perspective Bart Fauser, Netherlands	
14:40-15:00	Current status in reproductive medicine Ben Mol, Australia	

SESSION 3

15:00-16:05	FEMALE HEALTHY AGING	HALL A
Capsule	With the ongoing trend towards increasing longevity, the determinant of healthy aging generates increasing attention. Distinct gender differences are present, resulting in women living longer in suboptimal health. How important are steroids, menopause, and chronic reproductive dysfunction in this context? These issues will be addressed in great detail by 4 expert speakers.	
Chairpersons	Bart Fauser, Netherlands Zion Ben Rafael, Israel	
15:00-15:05	Introduction Bart Fauser, Netherlands	
15:05-15:20	Menopause and its implications Dorenda van Dijken, Netherlands	
15:20-15:35	Wellbeing and sexual health Alessandra Graziottin, Italy	
15:35-15:50	Gender differences in cardiovascular health Angela Maas, Netherlands	
15:50-16:05	PCOS after menopause - morbidity and hormonal changes Mats Brännström, Sweden	

16:05-16:20 BREAK

COGI Amsterdam | November 24-26, 2022

SESSION 4

16:20-17:40	PRECONCEPTIONAL (EPI)GENETICS, ETHICS AND LIFESTYLE CARE IN PERSONALIZED MEDICINE	HALL A
Capsule	Personalized medicine requires an understanding of preconceptional needs.	
Chairpersons	Bart Fauser, Netherlands Angela Maas, Netherlands	
16:20-16:40	Periconception (epi)genetics Kevin Sinclair, UK	
16:40-17:00	Lifestyle, ethics and equity Hafez Ismaili M'hamdi, Netherlands	
17:00-17:20	Periconception lifestyle care and personalized medicine Régine Steegers-Theunissen, Netherlands	
17:20-17:40	Implications of COVID-19 on Fertility in Women and Men Scott Nelson, United Kingdom	

SESSION 5

17:40-18:40	INDUSTRY SUPPORTED SESSION	HALL A
--------------------	-----------------------------------	---------------

SESSION 6

18:40- 19:40	OPENING SESSION: NOBEL PRIZE LAUREATE ROBERT G. EDWARDS ANNUAL LECTURE	HALL A
Chairpersons	Zion Ben Rafael, Israel Bart Fauser, Netherlands Rene Frydman, France Joop Laven, Netherlands	
18:40-19:30	Nobel prize laureate Robert G. Edwards annual lecture Uterine transplantation – the first treatment for absolute uterine factor infertility Mats Brännström, Sweden	
19:30-19:40	Best Abstract Awards	

	NETWORK RECEPTION	
--	--------------------------	--

THURSDAY, NOVEMBER 24

LASER COURSE

14:00-16:45	INDUSTRY SUPPORTED COURSE	HALL C
--------------------	----------------------------------	---------------

COGI Amsterdam | November 24-26, 2022

ART/INF/INFERTILITY FRIDAY, NOVEMBER 25

SESSION 1

08:30-10:00	PCOS	HALL A
Capsule	Many aspects of the most common endocrinopathy remain enigmatic.	
Chairpersons	Bart Fauser , <i>Netherlands</i> Scott Nelson , <i>UK</i>	
08:30-08:55	Reproductive fitness in women with PCOS Joop Laven , <i>Netherlands</i>	
08:55-09:15	Understanding PCOS: Diagnosis and treatment Carlo Alviggi , <i>Italy</i>	
09:15-09:35	The endometrium in polycystic ovary syndrome Johannes Ott , <i>Austria</i>	
09:35-10:00	Health in offspring of mothers with PCOS Roger Hart , <i>Australia</i>	

10:00-10:20 COFFEE BREAK, E-POSTER VIEWING AND VISIT THE EXHIBITION

EXHIBITION AREA

SESSION 2

10:20-11:50	PGT-A/PGS	HALL A
Capsule	PGT-a is a procedure limited by the biology of the preimplantation embryos?	
Chairpersons	Cornelis B. Lambalk , <i>Netherlands</i> Ernesto Bosch , <i>Spain</i>	
10:20-10:45	PGT-A: Benefit or risk? Sebastiaan Mastenbroek , <i>Netherlands</i>	
10:45-11:05	The ESHRE PGT consortium Edith Coonen , <i>Netherlands</i>	
11:05-11:30	Why PGT-A cannot work and should be restricted to experimental protocols Norbert Gleicher , <i>USA</i>	
11:30-11:50	ART has a selection problem: more treatments, more money spent, less babies Rita Vassena , <i>Spain</i>	

11:50-12:00 BREAK

COGI Amsterdam | November 24-26, 2022

SESSION 3

12:00-13:00	INDUSTRY SUPPORTED SESSION	HALL A
13:00-13:30	ORAL PRESENTATIONS	HALL A
Chairpersons		
13:00-13:07	Oral Abstract presentation	
13:07-13:14	Oral Abstract presentation	
13:14-13:21	Oral Abstract presentation	
13:21-13:28	Oral Abstract presentation	

13:30-14:30 LUNCH BREAK, VISIT THE EXHIBITION AND MODERATED E-POSTERS EXHIBITION AREA

SESSION 4

14:30-16:30	EMBRYO TRANSFER (ET)	HALL A
Capsule	ET and Luteal support are not as simple as they seem to be.	
Chairpersons	Ben Cohlen, Netherlands Ben Mol, Australia	
14:30-15:05	Debate: Is HRT the 1st choice to prepare the endometrium for FET?	
14:30	Yes: Bülent Urman, Turkey	
14:40	No: Scott Nelson, UK	
14:50	Discussion	
15:05-15:40	Debate: Evaluation of the endometrium - Should we measure progesterone on the day of a frozen embryo transfer	
15:05	Yes: Gijs Tecklenburg, Netherlands	
15:15	No: Annalisa Racca, Spain	
15:25	Discussion	
15:40-15:47	Oral Abstract presentation	
15:47-15:54	Oral Abstract presentation	
15:54-16:30	Debate: Single embryo transfer should be the choice in all cases	
15:54	Yes: Prevention of multiple pregnancy is the goal - Cornelis B. Lambalk, Netherlands	
16:04	No: The myths behind elective single embryo transfer – Norbert Gleicher, USA	
16:14	Discussion	

16:30-16:50 COFFEE BREAK, E-POSTER VIEWING AND VISIT THE EXHIBITION EXHIBITION AREA

SESSION 5

16:50-18:20	ADD-ONS	HALL A
Capsule	Over 70% of IVF patients in the UK and Australia are offered one or more types of Add-Ons. Is it justified?	
Chairpersons	Zion Ben Rafael, Israel Rene Frydman, France	
16:50-17:15	Is endometrial scratching effective? Ben Mol, Australia	
17:15-17:35	Should we keep doing assisted hatching? Ben Cohlen, Netherlands	
17:35-18:00	ERA test - what proof do we have? Max Ezzati, USA	
18:00-18:20	Why add-ons to IVF, likely, are the principal cause for declining IVF live birth rates all over the world Norbert Gleicher, USA	

COGI Amsterdam | November 24-26, 2022

ART/INF/INFERTILITY

SATURDAY, NOVEMBER 26

SESSION 6

08:30-10:00	OVARIAN STIMULATION	HALL A
Capsule	What can be done to improve ovarian stimulation?	
Chairpersons	Rene Frydman, France Zion Ben Rafael, Israel	
08:30-09:00	Debate: Ovarian stimulation, mild or wild or in between	
08:30	Mild and Safe? Frank Broekmans, Netherlands	
08:40	Personalized: Ernesto Bosch, Spain	
08:50	Discussion	
09:00-09:15	What is the optimal number of oocytes we should aim for with ovarian stimulation? Bart Fauser, Netherlands	
09:15-09:35	The type of gonadotrophin for stimulation: Does it matter? Ernesto Bosch, Spain	
09:35-10:00	Stimulation strategies for DOR Carlo Alviggi, Italy	

10:00-10:20 COFFEE BREAK, E-POSTER VIEWING AND VISIT THE EXHIBITION

EXHIBITION AREA

SESSION 7

10:20-11:50	HITECH IVF	HALL A
Capsule	These procedures need more proof before using it routinely in the clinic.	
Chairpersons	Rene Frydman, France Catherine Racowsky, France	
10:20-10:45	IVM at time of OTC (Ovarian tissue cryopreservation) Claus Yding Andersen, Denmark	
10:45-11:05	Nuclear transplantation for patients with recurrent IVF failure Jacques Cohen, USA (virtual)	
11:05-11:30	Rejuvenating the ovary by stem cell therapy Nuria Pellicer, Spain (virtual)	
11:30-11:37	Oral Abstract presentation	
11:37-11:44	Oral Abstract presentation	
11:44-11:51	Oral Abstract presentation	
11:51-11:58	Oral Abstract presentation	

11:50-12:00 BREAK

COGI Amsterdam | November 24-26, 2022

SESSION 8

12:00-13:30	FERTILITY PRESERVATION	HALL A
Capsule	Fertility preservation use is growing and so are the doubts surrounding these procedures	
Chairpersons	Claus Yding Andersen, Denmark Norbert Gleicher, USA	
12:00-12:35	Debate: Should we move from fertility preservation to oocytes donation for young women with cancer? When?	
12:00	Preservation of fertility: Catherine Racowsky, France	
12:10	Prefer egg donation: Edgardo Somigliana, Italy	
12:20	Discussion	
12:35-12:55	Fertility preservation in oncological patients Jacques Donnez, Belgium	
12:55-13:30	Debate: Asherman syndrome surgery or stem cells?	
12:55	Surgery: You don't need stem cells; you need good surgeons - Miriam Hanstede, Netherlands	
13:05	Stem cells: treat endometrial atrophy through tissue engineering - Nuria Pellicier, Spain (virtual)	
13:15	Discussion	

13:30-14:30 LUNCH BREAK, VISIT THE EXHIBITION AND MODERATED E-POSTERS EXHIBITION AREA

SESSION 9

14:30-16:30	ENDOMETRIOSIS AND INFERTILITY	HALL A
Capsule	The challenge is to select the best treatment	
Chairpersons	Norbert Gleicher, USA Jacques Donnez, Belgium	
14:30-14:50	Endometriosis: Does it impact oocyte quality Catherine Racowsky, France	
14:50-15:10	Endometriosis - surgery vs conventional ART for infertility Edgardo Somigliana, Italy	
15:10-15:45	Debate: Long term risk of cancer in endometrioma: Immediate surgery, delayed surgery or never surgery?	
15:10	Delayed surgery: Jacques Donnez, Belgium	
15:20	Immediate surgery: Hans Nijman, Netherlands	
15:30	Discussion	
15:45-16:05	Fertility preservation in endometriosis: When should it be offered Edgardo Somigliana, Italy	
16:05-16:30	Oral GnRH Antagonist for treatment of endometriosis Nicholas Leyland, Canada (virtual)	

16:30-16:50 COFFEE BREAK, E-POSTER VIEWING AND VISIT THE EXHIBITION EXHIBITION AREA

COGI Amsterdam | November 24-26, 2022

GYNECOLOGY

FRIDAY, NOVEMBER 25

SESSION 1

08:30-10:00	DILEMMAS IN BENIGN GYNAECOLOGY	HALL B
Capsule	Dilemmas in daily care, which you must deal with. Concerning adnexal masses and heavy menstrual bleeding.	
Chairpersons	Justin Clark, UK Peggy Geomini, Netherlands	
08:30-08:45	What is the best referral policy for patients with an adnexal mass? Peggy Geomini, Netherlands	
08:45-09:15	Differentiating benign from malignant cyst >> how to recognize less common types of benign adnexal masses (struma ovarii/ Brenner tumor/ Sertoli Leydig cell) Jeroen Kaijser, Netherlands	
09:15-09:30	Treatment options in case of HMB with intramural fibroids? Tessel Cooijmans, Netherlands	
09:30-09:45	Is TLH really superior to abdominal hysterectomy? Justin Clark, UK	
09:45-10:00	Endometrial ablation under local anesthetics - is it feasible? Sergio Haimovich, Israel	

10:00-10:20 COFFEE BREAK, E-POSTER VIEWING AND VISIT THE EXHIBITION

EXHIBITION AREA

SESSION 2

10:20-11:50	POI AND MENOPAUSE	HALL B
Capsule	Is genetics a routine tool for predicting menopause, understanding POI and personalized clinical practice?	
Chairpersons	Micheline Misrahi, France Nick Panay, UK	
10:20-10:40	New POI registry for a new era of global collaboration Nick Panay, UK	
10:40-11:05	Over-view of genes involved in POI and physiological menopause. National genomics projects Micheline Misrahi, France	
11:05-11:25	Shared mechanism and genetics between the age of physiological menopause, early menopause and POI Yvonne Louwers, Netherlands	
11:25-11:50	Is there an association between menstrual cycle length and ovarian reserve biomarkers during the reproductive life? Bart Fauser, Netherlands	

11:50-12:00 BREAK

COGI Amsterdam | November 24-26, 2022

SESSION 3

12:00-13:30	UTERINE MALFORMATION	HALL B
Capsule	No agreement exists on the preferred current treatment of uterine malformation.	
Chairpersons	Pierluigi Benedetti Panici, Italy Peggy Geomini, Netherlands	
12:00-12:15	T-Shaped, Y-Shaped, Dysmorphic – a real reproductive problem or a new trend Sergio Haimovich, Israel	
12:15-12:45	Debate: Dysmorphic uterus, is it a real infertility problem? Is the solution surgical? 12:15 Pro: Sergio Haimovich, Israel 12:25 It is a real infertility problem, but the solution is not surgical: Ben Mol, Australia 12:35 Discussion	
12:45-13:15	Debate: Uterine septum in infertility: To treat or not to treat? 12:45 Pro: Jacques Donnez, Belgium 12:55 Con: Justin Clark, UK 13:05 Discussion	
13:15-13:30	Endometrial ablation under local anesthetics - is it feasible? Sergio Haimovich, Israel	

13:30-14:30 LUNCH BREAK, VISIT THE EXHIBITION AND MODERATED E-POSTERS EXHIBITION AREA

SESSION 4

14:30-16:30	MENOPAUSE	HALL B
Capsule	The suggestion to treat menopause with ovarian tissue reimplantation is highly controversial.	
Chairpersons	Justin Clark, UK Dorenda van Dijken, Netherlands	
14:30-14:50	Endocrine disruptors in fertility Christian Egarter, Austria	
14:50-15:20	Debate: Should ovarian tissue reimplantation be considered for all women to postpone menopause 14:50 Yes: Jacques Donnez, Belgium 15:00 No: Mark Brincat, Malta 15:10 Discussion	
15:10-15:35	Postmenopausal hormone treatment and the risk for malignancies Johannes Ott, Austria	
15:35-16:00	Can AMH predict menopause Frank Broekmans, Netherlands	
16:00-16:30	Progesterone from ovulatory menstrual cycles is a major cause of breast cancer Herjan Coelingh Bennink, Netherlands	

16:30-16:50 COFFEE BREAK, E-POSTER VIEWING AND VISIT THE EXHIBITION EXHIBITION AREA

COGI Amsterdam | November 24-26, 2022

SESSION 5

16:50-18:20	HRT	HALL B
Capsule	The use of androgens and the length of HRT treatment are unsolved.	
Chairpersons	Christian Egarter, Austria Nick Panay, UK	
16:50-17:25	Debate: Should androgens be routinely added to menopause treatment	
16:50	Yes: Alessandra Graziottin, Italy	
17:00	No: Dorenda van Dijken, Netherlands	
17:10	Discussion	
17:25-18:00	Debate: Hormone therapy started in premature or early menopause, should be continued for life to prevent chronic diseases	
17:25	For: Nick Panay, UK	
17:35	Against: Mark Brincat, Malta	
17:45	Discussion	
18:00-18:20	Postmenopausal hormone treatment and the bone Johannes Ott, Austria	

GYNECOLOGY

SATURDAY, NOVEMBER 26

SESSION 6

08:30-10:00	MANAGEMENT OF VULVOVAGINAL SYMPTOMS	HALL B
Capsule	Genitourinary syndrome of menopause (GSM) formerly “atrophic vaginitis” includes genital symptoms of dryness, burning, and irritation, sexual symptoms of lack of lubrication, discomfort, pain, impaired function and urinary symptoms of urgency, dysuria and recurrent urinary tract infections. What is the best treatment?	
Chairpersons	Johannes Ott, Austria Mark Brincat, Malta	
08:30-08:50	Anatomical and physiological changes of the vulvovaginal tract during peri-menopause Alessandra Graziottin, Italy	
08:50-09:35	Debate: Laser treatment is the first-line choice for Genitourinary Syndrome of Menopause (GSM)?	
08:50	Yes: Zdenko Vizintin, Slovenia	
09:05	No: Dorenda van Dijken, Netherlands	
09:20	Discussion	
09:35-10:00	Sexual pain disorders, vestibulodynia and recurrent cystitis: The evil trio Alessandra Graziottin, Italy	

10:00-10:20 COFFEE BREAK, E-POSTER VIEWING AND VISIT THE EXHIBITION

EXHIBITION AREA

COGI Amsterdam | November 24-26, 2022

SESSION 7

10:20-11:50	HPV	HALL B
Capsule	Special situations related to HPV vaccination	
Chairpersons	Ward Hofhuis, Netherlands Diede Loopik, Netherlands	
10:20-10:40	HPV vaccination after treatment of CIN Ruud Bekkers, Netherlands	
10:40-11:10	Debate: Should girls and boys both be vaccinated for HPV? 10:40 Yes: Ralf van de Laar, Netherlands 10:50 No: Marian Mourits, Netherlands 11:00 Discussion	
11:10-11:30	The long-term risk of HPV-related disease after CIN3 treatment Diede Loopik, Netherlands	
11:30-11:50	Treatment of HSIL with Imiquimod Meike van de Sande, Netherlands	

11:50-12:00 BREAK

SESSION 8

12:00-13:30	FERTILITY SPARING OPTIONS IN GYNECOLOGIC ONCOLOGY	HALL B
Capsule	Cancer patients should be informed of options for fertility preservation and future reproduction prior to cancer treatment" (ASRM). However, gynecologists should be more aware of the current options and results.	
Chairpersons	Pierluigi Benedetti Panici, Italy Heleen van Beekhuizen, Netherlands	
12:00-12:20	Fertility- sparing management in recurrent gynecological cancer Pierluigi Benedetti Panici, Italy	
12:20-12:45	Fertility-sparing management in young endometrial cancer patients Heleen van Beekhuizen, Netherlands	
12:45-13:05	Fertility-sparing surgery in early-stage cervical cancer Petra Zusterzeel, Netherlands	
13:05-13:30	New paradigm of ovarian cancer: More than meets the eye Marian Mourits, Netherlands	

13:30-14:30 LUNCH BREAK, VISIT THE EXHIBITION AND MODERATED E-POSTERS EXHIBITION AREA

SESSION 9

14:30-16:30	SLS - SOCIETY OF LAPAROSCOPIC & ROBOTIC SURGEONS	HALL B
Chairperson	Jessica Ybanez Morano, USA	
14:30-14:55	Cryo endometrial ablation-- another alternative Jessica Ybanez Morano, USA	
14:55-15:15	The future of Minimally invasive surgery for the fertility patient Mona Orady, USA (virtual)	
15:15-15:40	Laparoscopic Gynecologic Surgery Under Regional Neuraxial Anaesthesia: the Beginning of a New Era? Stefano Landi, Italy	
15:40-16:00	Parametrial Endometriosis Thiers Soares, Brazil (virtual)	
16:00-16:07	Oral Abstract presentation	
16:07-16:14	Oral Abstract presentation	
16:14-16:21	Oral Abstract presentation	
16:21-16:28	Oral Abstract presentation	

16:30-16:50 COFFEE BREAK, E-POSTER VIEWING AND VISIT THE EXHIBITION EXHIBITION AREA

COGI Amsterdam | November 24-26, 2022

FETOMATERNAL MEDICINE

FRIDAY, NOVEMBER 25

SESSION 1

08:30-10:00	PROGESTERONE & PROTECTION OF PREGNANCY - A PREIS SCHOOL ACADEMY SESSION	HALL C
Capsule	Progesterone (and not progestins) has shown multifaceted roles in pregnancy and recent RCTS and metanalysis have confirmed a role of micronised progesterone in appropriate dosage and timing to prevent recurrent miscarriage and preterm birth and manage threatened miscarriage.	
Chairperson	Zion Ben Rafael, Israel	
08:30-08:35	Introduction Zion Ben Rafael, Israel	
08:35-08:50	Progesterone support of the luteal phase Paul Piette, Belgium	
08:50-09:15	Sporadic and recurrent miscarriage: Preventive tools Adam Duvall, UK	
09:15-09:35	Preterm birth: Prediction and prevention Gerard Visser, Netherlands	
09:35-09:55	Q & A	
09:55-10:00	Conclusion	

10:00-10:20 COFFEE BREAK, E-POSTER VIEWING, AND VISIT THE EXHIBITION

EXHIBITION AREA

SESSION 2

10:20-11:50	HOT CONTROVERSIES	HALL C
Capsule	Innovations in obstetrics	
Chairpersons	Basky Thilaganathan, UK Amir Aviram, Canada	
10:20-10:50	Debate: cfDNA testing	
10:20	For Universal cfDNA testing by genome wide approach: Mireille Bekker, Netherlands	
10:30	Against genome wide cfDNA testing: Tina Buchholz, Germany	
10:40	Discussion	
10:50-11:05	Stem cells in obstetrics and gynecology Wolfgang Holzgreve, Germany	
11:05-11:20	Fetal surgery: Learning curve Luc Joyeux, Belgium (virtual)	
11:20-11:35	TTTS +/- sFGR: Long-term effects Jeanine van Klink, Netherlands	
11:35-11:50	Treatment of Rh disease Joanne Verweij, Netherlands	

11:50-12:00 BREAK

COGI Amsterdam | November 24-26, 2022

SESSION 3

12:00-13:30	HYPERTENSIVE DISORDERS	HALL C
Capsule	Hypertensive disorders are associated with underlying placental and maternal changes, and are associated with endothelial dysfunction and vasospasm, leading to placental insufficiency and serious consequences for the mother and infant.	
Chairpersons	Arie Franx, Netherlands Gerard Visser, Netherlands	
12:00-12:20	What is new and controversial in hypertension in pregnancy? Asma Khalil, UK	
12:20-12:45	The SNAP-HT trial: Optimal postpartum BP control Paul Leeson, UK	
12:45-13:05	Does birth cure preeclampsia? Basky Thilaganathan, UK	
13:05-13:30	New treatments to prevent complications Emmanuel Attali, Israel	

13:30-14:30 LUNCH BREAK, VISIT THE EXHIBITION AND MODERATED E-POSTERS EXHIBITION AREA

SESSION 4

14:30-15:30	AN ARTIFICIAL WOMB FOR EXTREMELY PRETERM INFANTS	HALL C
Capsule	Is it possible and is it ethical to maintain alive an extremely premature baby?	
Chairpersons	Guid Oei, Netherlands Mats Brännström, Sweden	
14:30-14:50	An artificial womb for extremely preterm infants Guid Oei, Netherlands	
14:50-15:10	Development of a liquid-based incubator for extremely premature infants Mark Schöberer, Germany	
15:10-15:30	Ethical aspects of the development of a liquid based incubator Joanne Verweij, Netherlands	
15:30-16:30	MATERNAL VACCINATION	
Capsule	Offering maternal vaccination when its available, when do we reject the idea?	
Chairpersons	Kitty Bloemenkamp, Netherlands Mireille Bekker, Netherlands	
15:30-15:50	Efficacy and safety of available maternal vaccinations: Update on available literature (syst review) Odette de Bruin, Netherlands Emily Phijffer, Netherlands	
15:50-16:00	Maternal vaccinations: EMA's perspective Corinne de Vries, Netherlands	
16:00-16:10	Maternal vaccinations: Patients perspective (Infant protection through maternal immunization, why do women accept or don't accept maternal vaccinations) Flor M. Munoz, USA	
16:10-16:30	Panel Discussion	

16:30-16:50 COFFEE BREAK, E-POSTER VIEWING, AND VISIT THE EXHIBITION EXHIBITION AREA

COGI Amsterdam | November 24-26, 2022

SESSION 5

16:50-18:20	GDM AND PRE-GDM	HALL C
Chairpersons	Yariv Yogev, Israel Gerard Visser, Netherlands	
16:50-17:15	How to define well glycemic control Yariv Yogev, Israel	
17:15-17:35	GDM in twins - More harm than a disease? Nir Melamed, Canada	
17:35-18:00	Pragmatic approach for GDM diagnosis Eran Ashwal, Canada	
18:00-18:20	What is the best pharmacological therapy for GDM? (Metformin\glyburide\insulin?) Yariv Yogev, Israel	

FETOMATERNAL MEDICINE

SATURDAY, NOVEMBER 26

SESSION 6

08:30-10:00	INTRAPARTUM CARE	HALL C
Capsule	Simple procedures in obstetrics are so common and so controversial, why?	
Chairpersons	Liran Hirsch, Israel Eran Ashwal, Canada	
08:30-08:50	Oxytocin use during labor Inês Nunes, Portugal (virtual)	
08:50-09:15	When to perform an episiotomy Katariina Laine, Norway	
09:15-09:35	Assisted vaginal delivery Amir Aviram, Canada	
09:35-10:00	Diagnosing arrested labor Diogo Ayres-de-Campos, Portugal (virtual)	

10:00-10:20 COFFEE BREAK, E-POSTER VIEWING, AND VISIT THE EXHIBITION EXHIBITION AREA

SESSION 7

10:20-11:50	ROUND TABLE DISCUSSION	HALL C
Capsule	Hot controversies as seen by the experts	
Chairpersons	Gerard Visser, Netherlands Yariv Yogev, Israel	
Discussants	Arie Franx, Netherlands Basky Thilaganathan, UK Asma Khalil, UK Liran Hirsch, Israel Nir Melamed, Canada	
	<ul style="list-style-type: none"> • Twins with asymptomatic mid-trimester short cervix. Cerclage? Progesterone? Pessary? Neither? • CS or vaginal delivery in preterm delivery prior to 32, 28 weeks of gestation • Should all women be induced at 39 weeks, when of gestation? • Can medical interventions mitigate adverse pregnancy outcomes related to (unconscious/conscious) biases of the health care workforce? • Need for steroids at 34-37 weeks? 	

11:50-12:00 BREAK

COGI Amsterdam | November 24-26, 2022

SESSION 8

12:00-13:30	OBESITY	HALL C
Capsule	Obesity and morbidity are related but can anything be done?	
Chairpersons	Yariv Yogev, Israel Gerard Visser, Netherlands	
12:00-12:20	Diabetes or obesity- What affects more on the fetus and the mother? Gerard Visser, Netherlands	
12:20-12:45	The impact of bariatric surgery on pregnancy outcome Sam Schoenmakers, Netherlands	
12:45-13:05	Should obese women be advocated to lose weight in pregnancy? Yariv Yogev, Israel
